CEDAR CLASS - SUMMER 2026

Welcome back!

The sun is shining! I hope you had a lovely break and managed to make the most of some sunshine and had chance to relax after a very busy Spring term. We are very excited to go into Summer term and start our new learning journey.

Learning Journey

Our Learning Journey this term is called 'Water, Water Everywhere...' and is inspired by our chosen book, 'Noah Wild and the Floating Zoo.

This terms will be incredibly busy. In Geography, we will use aerial views, maps and keys. We will use maps to follow and find locations using compass points. In DT, we will study healthy eating and make our own healthy snack. In Art, we will focus on sculpture and the work of local artist Walenty Pytel. Meanwhile in Science, we will explore plant growth and working scientifically as we investigate protecting our oceans.
In history, we will be looking at our local river and its history.

Please do keep up to date with your child's SeeSaw, as they enjoy posting pictures of what they have been doing in the classroom through their independent work and continuous provision. We love to see your work on our learning journey from home so please continue sharing this on Seesaw too.

PE and Forest School

This term, Cedar will be taking part in Forest School with Miss Kerr on a Tuesday. Children will need to wear long sleeved tops and bottoms, sensible shoes or wellies and to have a waterproof jacket available.

PE will continue to take place on a Tuesday afternoon in the second half-term.

Reading

Please continue to read with your child at home and record this in their reading record. We will be continuing to work hard on our comprehension skills this term. Please speak to me if you would like any further guidance on this.

Spelling and Phonics

Both Year 1 and 2 will have spellings sent home via SeeSaw every week. These will then be tested on a **Friday**.

For Year 1, this term will be when their DfE phonics screening takes place, Please practise reading unfamiliar words at home. I will be holding a phonics screening workshop (please see the school Newsletter for further details).

Please make sure that your child brings in a hat and water bottle, a healthy snack for morning break and that they have had sunscreen applied before they come to school.
We look forward to hearing about your holidays!
Mrs Kingshott-Peters and Miss Wilce
